

AUTOMECHANIKA SA INNOVATION AWARDS 2011

This is to certify that

ELECTROLOG's Electronic Catalogue

has been judged

Highly Commended

**in Automobil's Innovation Awards Competition
at Automechanika SA**

In the view of the judging panel, the product's referencing capabilities and multiple functions – aimed at South Africa's electrical aftermarket – are in line with world class custom cataloguing services and solutions

**'An electronic catalogue such as this simplifies the search to find
the correct part. It is also very easy to operate'**
